

# Trade-in & Recycle Program

Upgrade to the smallest & lightest teacher Flexmike. Teachers can now use their personal mike in any room.

**Point-to-Pair Functionality**  
TEACHERS EASILY MOVE BETWEEN ROOMS

Hear and Learn makes it easy for you to upgrade your classroom audio equipment and support the environment! Trade in your old classroom audio equipment and receive a credit toward the purchase of a new classroom system. Receive \$150 credit per old system received by Hear and Learn, which is replaced by a purchased Hear and Learn system

## Here's how the program works:

- Step 1** Choose, configure, and submit your order for your new Hear and Learn classroom audio system.
- Step 2** Hear and Learn will ship your new instructional audio systems including Redcat and other systems.
- Step 3** Pack your old systems (you can use packaging from your new systems) and ship to Hear and Learn.
- Step 4** Hear and Learn will pay to your School a trade in of \$150 per system including speaker(s) and microphones.

## Frequently Asked Questions:

### **What audio systems are eligible for the Trade-in & Recycle Program?**

Hear and Learn accepts like configurations of all manufacturer's brands of classroom audio systems for trade-in. Like configurations of classroom audio systems, including speaker(s), amplifier, and microphones, can be traded-in for comparable Hear and Learn systems. Be sure that if you plan to replace systems not supplied by Hear and Learn, that you contact us first to make sure we have the best solution for you.

### **When do I receive my credit?**

When we receive your complete old systems, payment will be made to your School.

### **When do I return my old equipment?**

After you receive your new equipment.

### **Where will my equipment be recycled?**

Your old audio equipment will be processed and recycled through our full-service electronics recycling partner.
